These clinics are for those eligible for the following vaccinations:

- 1st and 2nd and booster COVID doses
- 1st and 2nd COVID doses for children aged 5-11 (available after 3pm. 1st doses for children who were 5 on or before 31st August 2022)
- Flu (eligible adults only)

Our clinics provide a safe space to have private conversations with the vaccination team about the benefits of protection for you and your family.

It's never too late to have that all important first dose.
