

Message from PPG Chair

Dear All,

I was hoping to welcome you all to our PPG meeting in April. Unfortunately the present situation has not made it possible. However, I am sending you my very best wishes and hope you are all coping in this frightful situation.

I am sure we all have our individual worries and concerns and sharing these with friends and family is helpful. I look forward to our next meeting, whenever that will be!

In the meantime, all good wishes, take care.

Kindest regards

Betty
