

I am your new patient in Oct.  
after 40 years no doctor. So many  
Systems are new for me.

I have had FLU injection,  
~~met~~ met Dr K. Padikalingam  
and many helpers.

Thank you for the very  
considerate attention and care  
of my needs you all have  
offered, as I prepare for a  
heart valve replacement.

May you all lead lives  
without pain.

Sincerely

M. Alaloujian
