

Care at the Chemist

Ask your pharmacist about the NHS Care at the Chemist scheme: advice and treatment for a wide range of minor conditions after a consultation with your pharmacist - no need to visit your GP.

Open to those registered with a GP in Halton, St Helens, Knowsley or Liverpool.

If your prescriptions are already free, so is any medication provided under this scheme.

The following conditions can currently be treated by this scheme:

- | | | | | |
|----------------------------------|-----------------------|------------------------|------------------------|----------------------|
| • Allergies | • Cystitis | • Head lice | • Minor skin reactions | • Threadworm |
