## **Common things missed when filling in the GMS form (purple form) and Patient Health Questionnaire which may result in rejection of the patient registration**

### **GMS1 Form – common things missed – which will result in rejection of form**

Full name, address, telephone number (ideally mobile number)

Town and country of birth – ‘London’ or ‘Birmingham’ is not enough, need to specify town in London or in any other city

If address of previous doctor is not filled in, then ‘If you are from abroad’ section has to be comprehensively filled in if the patient is from abroad

Signature and date of signature is critical

When signing for yourself – tick ‘signature of patient’

When signing for someone else like your child – tick ‘Signature on behalf of patient’

Always sign and add the date at the end

### **Pt Health Questionnaire**

To be filled in completely

With date and signature
