- **Extended Access** – this will be discussed more at PCN meeting at Holt. Dr Ince and Jan attended on Tuesday morning with Jo Parkes. Not sure what is expected of us as a practice yet. Dr Ince said the 111 service is very good. NHS wanting us to be open more ie. 8am – 8pm or Saturday mornings. Leena also contributed regarding limited resources available to cover these extended hours, whereby the patient would be redirected back to their own GP, which could cause twice the workload.
- **A.O.B.** - Pauline mentioned we have 3 first responders in the town which is of help ambulances take so long to get to Wells. Discussed Out of Hours, also suggestion made to advertise for new PPG members on Wells forum – but informed by Jo is already on there.

List of all staff and their specialist interest and a possibility of photos. From the beginning of April 2023, Dr Ince will start carrying out minor surgeries at Wells Health Centre.
